

Directions to Computer Docs

Computer Docs is located on the second floor of the Bethesda Chevy Chase Services Center (BCC Services Center) at 4805 Edgemoor Lane in downtown Bethesda. There is virtually no on street parking in the area, and the little that is available is metered.

Computer Docs is a two story building located on the plaza of the Metropolitan apartment complex, above a county parking garage. There are 5 levels of parking in the garage. Parking in the garage is 75 cents/hour. Parking is free for the first 20 minutes.

Traveling by car:

There are two entrances to the parking garage. One is on Edgemoor Lane and one is on Woodmont Avenue. Entrances to the garage are marked with a large blue and white "P" parking sign which also says "Bethesda Center." There is a much smaller sign next to the large "P" sign which says BCC Services Center.

From Old Georgetown Road:

If you are coming south on Old Georgetown Road, turn right on Woodmont Ave. and **immediately** get into the left lane. The parking garage entrance is the second driveway on your left. The first driveway (which is very easy to miss because it is 10 feet after turning on Woodmont) is a private parking garage for the Metropolitan. 50 feet beyond that is the second driveway marked by the large "P" sign.

Once you have parked inside the garage:

There are two sets of elevators in the garage. If you take the Old Georgetown Rd elevators, take the elevator up to level P. Exit the elevator to the right and walk across the plaza. Part way across the plaza look to your left and you will see the County and State flags marking the entrance to the BCC Services Center building. When you enter the BCC Services Center building, take the elevator to the BSS on the second floor. Exit the elevator and walk to your left down the hallway.

If you use the Edgemoor Lane elevators from inside the garage take the elevator up to level P. Exit the elevator and turn left and walk through the gates (marked "The Metropolitan") onto the plaza. Walk past the child care center and look for the County and State flags at the entrance of the BCC Services Center building. When you enter the building, take the elevator to the BSS on the second floor. Exit the elevator and walk to your left down the hallway

By Metrorail or on foot:

The Bethesda Metro station is located across the street from the BSS. Take the escalator from the bus bat at the plaza level of Metro and walk across to the BCC Services Center, using the pedestrian bridge near the Food Court.

Walkers may use the street level entrance (marked by County and State flags) at 4805 Edgemoor Lane and take the elevator to the second floor.
